## VK ADMINISTRATIVE SITE

- Administer App users and more
- Add customers, systems, users, Z-Wave® devices and cameras
- Activate & manage cellular devices
- Program CellComSL using Virtual Link™
- System Analytics™ provides key system data

## SELL SIGNAL

You asked us to make a Commercial Fire Approved version of the popular CellComSL Cellular Communicator that would work on any Fire Alarm Control Panel. Now we've done it... and it's unbelievably affordable. This is your signal to go sell the fire out of them.

Also available via Network. Learn more at [www.DMP.com/Fire](http://www.DMP.com/Fire)
